Each row across has 6 boxes. Only three of them contain a number divisible by the given number. Circle these three numbers in each row. Notice the number-letter above each circled number. Write the letter in the matching numbered box at the bottom of the page.

Some Friendly Advice

SOME "FRIENDLY ADVICE" IS HIDDEN IN THE RECTANGLE. TO FIND IT:

Circle letters next to each given number to show divisibility by 2, 3, 5, 9, or 10. Write the circled letters on the line at the right. Also write the letters, in order, into the boxes at the bottom of the page. **HINT** *Two of the given numbers are not divisible by 2, 3, 5, 9, or 10; no letters will be circled for these numbers.*
